

# FAQ

The below questions are some of the most Frequently Asked Questions gathered during the first months of ARETE Pilot 1 implementation. The answers provided offered pilot teachers early troubleshooting solutions, clarified the methodology to be followed and helped them overcome initial bottlenecks.

QUESTIONS	ANSWERS
<b>QUESTIONS ON THE WWL-AR APP:</b>	
Q1: How do I get the App?	A1: Our ARETE Pilot 1 AR App will be available to download from either Google Play or the Apple App stores, and it is designed to be used on “Tablet” mobile devices that have Augmented Reality (AR) functionality.
Q2: What do I need to run the App?	A2: To visualize AR 3D models and onscreen data, you will require a Tablet mobile device (Android and iOS) and the larger the screen, the better the experience. The Tablet device must have (i) internet connection via WiFi and/or Mobile network, (ii) AR functionality installed, (iii) a camera with motion tracking functionality to determine Tablet movement, (iv) ensure that the Tablet has the latest versions of the iOS /Android operating system software installed. Later Tablet models will already have AR software integrated.
Q3: What if I have a poor internet connection to run the App?	A3: A stable internet connection is required throughout the App for the “voice recognition” for the student “reading aloud” in the reading exercises.

<p>Q4: What devices can be used for the App?</p>	<p>A4: The App is designed to be run on iOS or Android Tablet devices. Table 1 below lists current mobile Tablet devices Mobile Tablets (Android and iOS) that have AR software already integrated.</p> <table border="1" data-bbox="810 501 1433 1361"> <thead> <tr> <th data-bbox="810 501 1129 539">iPAD</th> <th data-bbox="1129 501 1433 539">ANDROID</th> </tr> </thead> <tbody> <tr> <td data-bbox="810 539 1129 1361"> <ul style="list-style-type: none"> <li>● iPad Pro (all models)</li> <li>● iPad Air (4th generation)</li> <li>● iPad Air (3rd generation)</li> <li>● iPad (5th generation or later)</li> <li>● iPad mini (5th generation Processor Count)</li> </ul> </td> <td data-bbox="1129 539 1433 1361"> <ul style="list-style-type: none"> <li>● Asus Zenfone 7/7 Pro</li> <li>● Google Pixel 4a 5G</li> <li>● Google Pixel 5</li> <li>● LG WING 5G</li> <li>● Realme 7i</li> <li>● Realme X7 Pro 5G</li> <li>● Samsung Galaxy A20e</li> <li>● Samsung Galaxy Note20 5G</li> <li>● Samsung Galaxy Note20 Ultra 5G</li> <li>● Samsung Galaxy Tab A7</li> <li>● Sharp AQUOS zero5G basic</li> <li>● Sharp AQUOS zero5G basic DX</li> <li>● Xiaomi Redmi Note 9S</li> </ul> </td> </tr> </tbody> </table>	iPAD	ANDROID	<ul style="list-style-type: none"> <li>● iPad Pro (all models)</li> <li>● iPad Air (4th generation)</li> <li>● iPad Air (3rd generation)</li> <li>● iPad (5th generation or later)</li> <li>● iPad mini (5th generation Processor Count)</li> </ul>	<ul style="list-style-type: none"> <li>● Asus Zenfone 7/7 Pro</li> <li>● Google Pixel 4a 5G</li> <li>● Google Pixel 5</li> <li>● LG WING 5G</li> <li>● Realme 7i</li> <li>● Realme X7 Pro 5G</li> <li>● Samsung Galaxy A20e</li> <li>● Samsung Galaxy Note20 5G</li> <li>● Samsung Galaxy Note20 Ultra 5G</li> <li>● Samsung Galaxy Tab A7</li> <li>● Sharp AQUOS zero5G basic</li> <li>● Sharp AQUOS zero5G basic DX</li> <li>● Xiaomi Redmi Note 9S</li> </ul>
iPAD	ANDROID				
<ul style="list-style-type: none"> <li>● iPad Pro (all models)</li> <li>● iPad Air (4th generation)</li> <li>● iPad Air (3rd generation)</li> <li>● iPad (5th generation or later)</li> <li>● iPad mini (5th generation Processor Count)</li> </ul>	<ul style="list-style-type: none"> <li>● Asus Zenfone 7/7 Pro</li> <li>● Google Pixel 4a 5G</li> <li>● Google Pixel 5</li> <li>● LG WING 5G</li> <li>● Realme 7i</li> <li>● Realme X7 Pro 5G</li> <li>● Samsung Galaxy A20e</li> <li>● Samsung Galaxy Note20 5G</li> <li>● Samsung Galaxy Note20 Ultra 5G</li> <li>● Samsung Galaxy Tab A7</li> <li>● Sharp AQUOS zero5G basic</li> <li>● Sharp AQUOS zero5G basic DX</li> <li>● Xiaomi Redmi Note 9S</li> </ul>				
<p>Q5: Have the teachers already received instructions on how to download the WWL App via Testflight?</p>	<p>A5: No, teachers have not received instructions on how to download the WWL App in Testflight mode. Pilot teachers can download the WWL App “Read Spell” which is available in both Apple and Google App Stores. More information and instruction on how to do this can be found in the relevant <a href="#">training guide</a> uploaded on the <a href="#">ARETE Training Platform</a>.</p>				
<p>Q6: If they have received instructions, do teachers already have access to the WWL app or will they only have access once they have been assigned to a group?</p>	<p>A6: Only pilot teachers and students who will be in the intervention group will be granted access to the ARETE WWL app. All the other teachers will have access to this app for a full calendar year once the post-assessment has been completed (between July 2022 – June 2023).</p>				

	Teachers received a document mentioning their ARETE IDs and passcodes which they should use to have access to the training platform where they can find lesson schedules, manual, video, presentation including instructions on how to use the app.
Q7: Do students in the control group also need to fill in the “Student Consent Form”?	A7: No, the students who do not have any learning difficulties will not participate in the project and do not have to fill in any consent forms. Only their parents should fill in the “Parent Consent Form: Case History-Control Group”. All the students who meet the eligibility criteria and participate in the project, either as part of the intervention group or the intervention-control group, should fill in the “Student Consent Form”.
<b>QUESTIONS ON THE NEALE ANALYSIS</b>	
Q8: We have been sent two Neale Analysis forms; one yellow, one blue. I assume Form 1 is for the pre-test and Form 2 for the post-test? Would this be correct?	A8: Yes, this is correct. The NARA II Yellow Test form is for pre-test and the NARA II Green Test form is for the post-test.
Q9: On page 6, the “Manual for Schools” advises to listen to the supporting audio CD before implementing the tests. Is it possible to access the audio files somehow? This might be particularly useful for teachers of which English is not their first language.	A9: All materials needed for implementation of pilot study have been shared with you. The document “ADMINISTERING THE NEALE ANALYSIS OF READING ABILITY – REVISED” can guide you through the whole process on how to administer and score the NARA tests.
Q10: Page 10 of the “Manual for Schools” leaves it up to each individual teacher to decide on a starting point. Should I ask all teachers to start at “Level 1 Passage”, so that we are all starting from the same point?	A10: The point that a teacher should start from depends on the age of students. In this manual and in the “ADMINISTERING THE NEALE ANALYSIS OF READING ABILITY – REVISED” document, you can find specific guidelines regarding the test passages starting point, i.e., students in the age of 9 or below should start with “Level 2 Passage” and those who are 10 or older should start with “Level 3 passage”. The procedure to be followed is described in the document.
<b>QUESTIONS ON THE VERNON TEST</b>	
Q11: Like the Neale Analysis, the Vernon test leaves it up to the teacher to decide on which word it is best to begin with. For consistency, should I ask teachers to start from Word 1?	A11: As in the case of NARA tests, to identify the word that the teacher should start with the age of the students should be looked at. In Table 1, on page 4 of Vernon Graded Word Spelling Test Manual, you will find the set of words suitable for different age groups. The entire procedure

<p>I think starting with the very first word would give students a chance to feel they can succeed and set up the right attitude.</p>	<p>to be followed is described in the “ADMINISTERING THE VERNON GRADED WORD SPELLING TEST”.</p>
<p>Q12: Is it recommended that teachers carry out tests with students on a one-to-one basis? The Vernon Guidebook presents both the option to carry out tests in a group and individual setting.</p>	<p>A12: Teachers can choose the way that they want to carry out this test with their students. The test can be administered in a 1:1 or group setting.</p>
